## Scheduled Spray Areas For Adult Mosquito Control

(STOCKTON) - In response to increased adult mosquito populations in several areas of San Joaquin County, San Joaquin County Mosquito and Vector Control District (District) is preparing to conduct adult mosquito control operations.

The District will continue to implement the California Mosquito-Borne Virus Surveillance and Response Plan to protect the public health and welfare. Spray locations and times

will normally be available 24 hours in advance. People can access spray information and scheduled spray locations by calling the District at (209) 982-4675 or toll-free at 1-800-300-4675 during business hours from 7:00 a.m. to 12:00 p.m. and 12:30 p.m. to 3:30 p.m., Monday through Friday or by visiting the District's website on-line at [www.sjmosquito.org](http://www.sjmosquito.org).

Due to increased adult mosquito populations and/or detection of West Nile virus, the following areas are scheduled for spraying:

Ground spraying for adult mosquito control using, MGK Pyrocyde 7396 or Evergreen 60-6 is scheduled for the evening of Thursday, June 30, 2011, between 8:00 p.m. - 11:00 p.m. or the evening of Friday, July 1, 2011, between 8:00 p.m. to 11:00 p.m. (see District website for spray maps, <http://sjmosquito.org/spraying-updates.htm> )

- West Rural Ripon >North to one mile north of W. Ripon Rd., > South to Hutchinson Rd., >East to Jack Tone Rd., > West to Kincaid Rd.
- South Rural Manteca >North to Division Rd., >South to San Joaquin / Stanislaus River, >West to Airport Way, >East to Stanislaus River

Aerial spraying for adult mosquito control using, Trumpet EC is scheduled for the evening of Thursday, June 30, 2011, between 8:00 p.m. - 10:00 p.m. or the evening of Friday, July 1, 2011,

between 8:00 p.m. to 10:00 p.m. (see District website for spray maps, <http://sjmosquito.org/spraying-updates.htm> )

- Wright / Elmwood Tract & **Eastern Portion of Rindge Tract** - Stockton Delta area

Spraying for adult mosquitoes is done near sunset or sunrise with trucks and airplanes when mosquitoes are most active. The District will be using sprayers that apply a very fine mist that kills adult mosquitoes on contact. Control operations are contingent upon favorable weather conditions and if canceled, **will typically be rescheduled to the following morning or evening.**

To request District service, call (209) 982-4675, 1-800-300-4675 or visit the District's website at <http://www.sjmosquito.org>.
