Mosquito and Vector Control Association of California
Information Technology Committee Charges 2025

Committee meets twice a year on the 2nd Monday of April and October, and additionally as requested by Drone Committee Members, other Committees, or Board of Directors.

Standing Charges

1. **Serve as a resource for issues related to Information Technology that may affect member agencies and/or the MVCAC.**
   - Status: Ongoing

2. **Plan, provide, and/or provide information for workshops on IT related topics.**
   - Status: Ongoing

3. **Provide support for the Google Workspace infrastructure for the MVCAC committees.**
   - Status: Ongoing

2025 Projects

1. **Cyber Security Best Management Practices Video**
   - Real stories of hack attempts at MVCAC or similar agencies
   - What do I do if?...
     i. I got a suspicious email
     ii. I clicked a link
   - What is MISAC? Should I be a member?
   - Do I need an IT professional contractor?
   - Hacker's strategies
   - If you see something, say something
   - Human element in the security chain
   - Know B4 and other security awareness training

   Planning Notes:
   - There was interest in the idea of continuing to have videos/webinars on cyber security issues. Various ideas on the way to move forward.
   - Assigned: IT Committee

2. **For MVCAC Google Workspace - On-Board the various MVCAC committees, sub-committees, and working groups.**
   - Due end of February 2025
