MARIN/SONOMA MOSQUITO & VECTOR CONTROL DISTRICT RECEIVES SONOMA COUNTY EMPLOYER BEST PRACTICES AWARD

COTATI, CALIFORNIA - the Marin/Sonoma Mosquito & Vector Control District (District) received an award from the Sonoma County Mayor's Committee on Employment of People with Disabilities. Mr. Wanderscheid was presented with the award and recognized as a leader in creating employment for people with disabilities at the 6th Annual Best Practices Awards Presentation.

Earlier this year the District partnered with Goodwill Industries of the Redwood Empire to explore the possibility of employing a client from their Workforce Development Program. Goodwill Industries is one of the largest non-profit organizations in the Northbay that provides support programs, job-training and placement to individuals with disabilities and other special needs. After an external assessment was conducted it was agreed upon by both the District and the client that the job was a perfect match.

"It was a surprise and honor to be named Manager of the Year said Mr. Wanderscheid, District Manager of the Marin/Sonoma Mosquito & Vector Control District. "I am very pleased to have been able to make a difference in a person's life by offering them an opportunity to achieve their goals" stated Wanderscheid.
