2026 Committee charges

- I. Develop and maintain policies for distribution and access to VectorSurv data sets.
- II. Evaluate requests from researchers and other interested parties for VectorSurv data.
- III. Monitor the annual status of CalSurv funding in the California state budget.
- IV. Work with AMCA and other national partners to seek sustainable national funding support for VectorSurv websites and tools.
- V. Develop and prioritize annual goals for VectorSurv Gateway development.
